

## COLLABORATING FOR YOUTH SUCCESS CAYS Signature 4-step Process

### PART ONE-EXPERIENCE

#### LAUNCHING THE LEARNING AND MAKING CONNECTIONS TO PAST KNOWLEDGE

Participants **Experience** success and purpose through investigation and collaboration. This activity guides participants in defining success and noting how to see it in themselves and others sparking curiosity for the upcoming dialogue.

### PART TWO-DISCOVER

#### DISCOVER SOMETHING NEW

Participants **Discover** a local community member's journey map to success by engaging in an interactive Q&A moderated by a certified CAYS Discover Your Purpose Workshop Leader. Participants will get their questions answered in the categories of personal past, important skills, challenges, and advice/future plans.

### PART THREE-DEFINE

#### SEEING THE NEW DISCOVERY IN ACTION

Participants **Define** the journey of their guest community member by mapping out their purpose paying special attention to individual strengths, roles, and defining moments. This discovery will serve as an example as the learning turns inward.

### PART THREE-REFLECT

#### APPLYING THE INFORMATION TO REAL LIFE

Participants **Reflect** on their learning by investigating and identifying their own strengths, roles, and defining moments. Each participant crafts a Purpose Statement that presents how they will use their uniqueness to set and personal success.
